OFFICE OF PETITIONS

RENEWED PETITION UNDER CFR 1.181

Sir:

This is in response to the United States Patent and Trademark Office Action mailed September 21, 2001, in which the Petition filed July 2, 2001 was dismissed on the grounds that certain elements of the required Petition were not provided therein.

By this Renewed Petition, the previously submitted Declaration of Mr. Friedman is resubmitted to include a copy of his docket records, where the non-received Office action would have been entered. The renewed Declaration of Mr. Friedman corrects an error in his previous Declaration, and includes docket records regarding the mail received from USPTO dated between Feb. 22, 1999 and April 23, 1999 (not Feb. 2 – Feb. 9, as previously stated).

Mr. Friedman further declares that his review of these records, received between Feb. 22, 1999 and April 23, 1999 reveals that there was no record of a response being due for the present application.

It is therefore evident that no such Notice of Missing Requirements or any other action was received by him with respect to this application.

Accordingly, pursuant to the holding of *Delgar, Inc v. Schuyler*, 172 USPQ 513, Applicants have submitted sufficient facts to support the contention that the Notice of Missing Requirements was never received by the Applicants representatives.

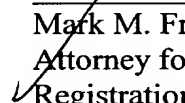

In view of the above, the Notice of Abandonment should be withdrawn and a new Notice of Missing Requirements be mailed in the subject patent application. It is believed that this Petition does not require a fee, but if one is required, authorization to charge Deposit Account 06-2140 is hereby granted.

DECISION ON RENEWED

PETITION UNDER

37 CFR 1.181

This is a decision on applicants' "Renewed Petition Under 37 CFR 1.181." filed on 02 July 2001 in the United States Patent and Trademark Office (USPTO).

BACKGROUND

On 02 May 2001, applicant was mailed a decision dismissing applicant's renewed petition and affording two months in which to file a response.

On 02 July 2001, applicant filed the present renewed petition.

DISCUSSION

The Official Gazette, at 1156 OG 53, provides that a petition requesting relief based on the grounds that an Office action was not received must be accompanied by a statement that (1) the Office action was not received, (2) attests that a search of the file jacket indicates the Office action was not received, (3) attests that a search of counsel's docket records indicates the Office action was not received and (4) the Petition must also be accompanied by copies of the docket records where the non-received Office action would have been entered. (See also, Delgar v. Schulyer, 172 USPQ 513 (D.D.C. 1971).

Applicants previously satisfied items (1), (2) and (3) above.

Regarding item (4), applicant has submitted a docket record. However, it is unclear whether the submitted docket record applies to the present situation. The Notification of Missing Requirements in question was mailed to applicant on 23 February 1999 affording one month for a response. Yet, in the present petition applicant states that, "The new docket entries between Feb. 2, 1999 and Feb. 9, 1999, entered in the computerized database, show that no such Notice of Missing Requirements or any other action was received by him with respect to this application." Thus, it is unclear what dates the enclosed docket record is detailing. Furthermore, applicant has not provided an explanation as to what the various columns mean. Absent an explanation from applicant, it is not possible to grant the renewed petition.

Thus, applicants have not provided the proper showing necessary to withdraw the holding of abandonment and the petition may not be properly granted.

CONCLUSION

The Petition to Withdraw Holding of Abandonment under 37 CFR 1.181 has been considered, however, for the reasons indicated above, the petition stands **DISMISSED** without prejudice and the application remains **ABANDONED**.

If reconsideration of the merits of this petition is desired, a proper response must be filed within **TWO (2) MONTHS** from the mail date of this decision. Any reconsideration request should include a cover letter entitled, "Renewed Petition Under 37 CFR 1.181." No additional fee is required.

Any renewed petition filed must include a proper reply. A proper reply must include a copy of the docket record for all responses due on 23 March 1999.

Any further correspondence with respect to this matter should be addressed to the Assistant Commissioner for Patents, Box PCT, Washington, D.C. 20231, with the contents of the letter marked to the attention of the PCT Legal Office.

OFFICE OF PETITIONS

SUPPLEMENTARY DECLARATION IN SUPPORT OF PETITION

I, Mark Friedman, of 7 Haomanim Street, Tel Aviv, Israel, declare as follows:

1. As I previously declared, all the mail received from the USPTO, via Mr. Castorina, is recorded and entered in my computerized database. By this renewed Declaration I correct an error in my previous Declaration, and enclose with this Declaration true copies of the docket records recording all mail received from USPTO dated between Feb. 22, 1999 and April 23, 1999 (not Feb. 2 – Feb. 9, as previously stated).

2. I personally reviewed the docket records of all actions received during the specified dates, in which the action would have been received. The records show all actions received, detailing the file number, application number date received and target date for responding to each item entered.

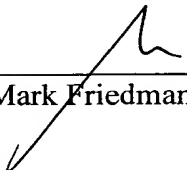

3. I declare that I have reviewed the docket records. No record of a Notice of Missing Requirements or any other USPTO action appears with respect to this application.

4. This indicates that I never received a Notice of Missing Requirements or any other action on the above entitled application.

5. This, in addition to my previous declaration, indicates that I never received a Notice of Missing Requirements on the above identified application.

I hereby further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; statements and the like so made are punishable by fine or imprisonment or both, under Section 1001 of Title 18 of the United States Code and such that willful false statements may jeopardize the validity of the application of any patent issuing thereon.
